Questions the IPCC must now urgently answer – Mark Lynas Here’s the scenario An Exxon Mobil employee – admittedly an energy specialist with an engineering background – serves as a lead author on an important IPCC report looking into the future of fossil fuels The Exxon guy and his fellow lead authors assess a whole variety of literature but Origin of life creation com Here is a huge problem for origin of life scenarios when amino acids are joined together for example a water molecule is released This means that in the presence of water the reaction is pushed in the wrong direction backwards that is proteins will fall apart not build unless the water is actively removed

Doubling CO2 and basic physics Clive Best That confused me for a while too despite my undergraduate physics degree The trick is realizing it’s not a “chain of CO2 molecules” When a CO2 molecule absorbs an infrared photon and starts vibrating it usually crashes into other air molecules which diffuses the energy

Direct Evidence of Earth’s Greenhouse Effect Roy Spencer After yesterday’s post about what determines temperature I thought I would revisit one of the most convincing evidences of Earth’s greenhouse effect As I’ve mentioned before a handheld infrared thermometer is a great little tool to help gain physical insight into the thermal radiative infrared effect the atmosphere has on surface temperature

Ten reasons why handheld devices should be banned for I read only today your article in the Huffpost ’10 Reasons Why Handheld Devices Should Be Banned for Children Under the Age of 12? Even though it is initially two years old I think it is still relevant

For Vegans Denise Minger 9 Take vitamin B12 —about 10 mcgs a day or 2000 mcgs once per week I’d like to think this would be pretty obvious by now but there are some lingering vegan authorities who seem to underplay the B 12 issue or even deny it altogether

Even “The China Study” makes B12 seem like small potatoes when T Colin Campbell writes “If you do not eat any animal products for three years or English – The Conversation It p gt Albo or Plibersek or whoever it turns out to be the next Labor leader might have had a lucky accident Usually it’s Labor that inherits an economy turning down It p gt It p gt This time it’s Dominic Cummings s Blog These guys didn’t learn from the 2004 referendum before 2016 and even now very few seem to realise that a ‘second referendum’ would given minimal competence from ‘Leave’ be a mega repeat of 2004 in which ‘the EU’ would not even be the main issue
